Reference servers

Under <http://www.delux-host.com/index.php?go=AboutUs> you can find a selection of reference servers hosted by deLUX Game Host.

easyAdmin

We developed an easy-to-use webpage, where you can completely manage your server using your browser. You can upload your files there and configure your server.

If you need FTP access to upload great projects, you can book this functionality to each server for € 2.00 / US\$ 3.00. per month and server. Just add a remark to your order mail.

Other games

If you are looking for other games to host, feel free to contact lukas@delux-host.com.

Accepted Payment Methods

You can pay your server via Paypal or International Bank Transfer (IBAN). Paypal supports the payment via credit cards (Visa, Mastercard) and many other options as Giropay and other country specific payment methods.

German and French customers may as well pay via national bank transfers, as we have bank accounts in these countries.

The servers

Your server will be server is hosted on a **Dell PowerEdge** server system, using VPS technology under Windows Server 2003. All our servers are connected to the internet with a **100 MBit/s connection**, to get an as low lag as possible for your players.

Our server is located in Köln, Germany in a **green technology data centre** to protect the environment and the only planet with chocolate on it.

Additional Information

*All prices include taxes. No additional fees (like Setup, Server restart) are charged.
All servers include fulltime mail support, mostly answered in less than 24 hours.*
